Re: Compliance Review for Proposed Permit Transfer –
Weyerhaeuser Company, Plymouth, NC Pulp and Paper Facility –
Landfill Permit No. 94-01, Washington County

Dear Mr. Poindexter:

You will find enclosed information responsive to the Compliance Review form that accompanied your letter of January 30, 2007. You will also find enclosed my letter of February 6th to North Carolina Assistant Attorney General Nancy Scott and attachments to that letter.

Ms. Scott provided guidance for me during a telephone call on February 8th. The call with Ms. Scott was quite helpful, as certain aspects of the compliance review were difficult to discern in the context of the pending transaction between Weyerhaeuser Company and Domtar. Background information on the transaction was provided with my letter to Ms. Scott.

Materials responsive to the compliance review are provided in two parts.

You will find a document titled "Response to Questions in Compliance Review Submitted on Behalf of Domtar Corporation, Domtar Paper Company, LLC and Weyerhaeuser Company – Fine Paper Business." The Response to Questions includes our answers to the questions in the Department's Compliance Review form. The Response to Questions document incorporates Exhibits A and B which provide additional information.

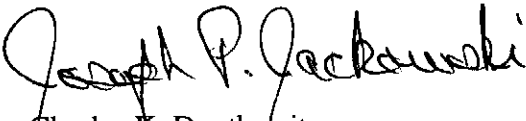

Mr. Mark Poindexter

You will also find enclosed a copy of the Compliance Review form with responses typed on it on behalf of Domtar, Inc. This document was completed for Domtar, Inc. by Mr. Guy Martin, Environmental Director for Domtar, Inc. Mr. Martin's address is 395 de Maisonneuve Blvd. West, Montreal, Quebec, CANADA H3A 1L6. His telephone number is 514.848.6727. The information provided by Mr. Martin includes several attachments which are referenced in the completed Compliance Review form.¹

Information on behalf of Domtar, Inc., Weyerhaeuser Company – Fine Paper Business, Domtar Corporation, and Domtar Paper Company, LLC is provided because all these entities are affected by the pending transaction. Compliance history for facilities in the United States and Canada is provided. This scope for the Compliance Review was discussed in my call with Ms. Scott.

If you have questions about the pending transaction, Weyerhaeuser Company – Fine Paper Business, Domtar Corporation or Domtar Paper Company, LLC, please call me. Questions concerning Domtar, Inc. and its operations and reports should be directed to Mr. Martin.

Very truly yours,

for Charles R. Douthwaite

Re: Proposed Permit Transfer – Weyerhaeuser Plymouth, Washington County, North Carolina Landfill – Permit No. 94-01

Dear Ms. Scott:

This letter provides additional background information related to the pending transaction between Domtar Inc. and Weyerhaeuser Company. The request to transfer the above-referenced permit for the Plymouth NC pulp and paper mill is related to the transaction.

A Compliance Review form was provided with a January 30, 2007 letter from Mr. Mark Poindexter, Field Operations Branch Head, North Carolina Department of Environment and Natural Resources and addressed to me. Since the transferee for the permit is Domtar Paper Company, LLC, the Compliance Review was directed to that entity.

I asked the Weyerhaeuser environmental staff at the Plymouth mill to identify an attorney who worked with Mr. Poindexter, since the questions asked in the Compliance Review, if answered literally, could leave DENR with more questions than answers.

Before I list the exhibits to this letter, I will attempt to describe briefly the role of Domtar Paper Company, LLC in the pending transaction.

On August 23, 2006, Domtar Inc. and Weyerhaeuser Company announced an agreement to combine Weyerhaeuser's Fine Paper business with Domtar Inc. Reduced to fundamentals; Weyerhaeuser will transfer its Fine Paper business to companies that are

subsidiaries of Weyerhaeuser.¹ Domtar Paper Company, LLC, a Delaware limited liability company, is a Weyerhaeuser subsidiary at this time.

The subsidiaries will then merge with Domtar Inc., a large Canadian forest products company with its headquarters in Montreal. The entity that survives the merger will be a Delaware corporation named Domtar Corporation. (Domtar Corporation, at this time, is a subsidiary of Weyerhaeuser Company). When the transaction is completed shares in Domtar Corporation will be distributed 55% to Weyerhaeuser shareholders (not Weyerhaeuser Company) and 45% to Domtar Inc. shareholders. We expect the transaction to close in early March 2007.

The surviving, combined entity will have nearly 14,000 employees. It is expected to have about \$6.5 billion in sales annually and assets worth about \$8.2 billion. Shares in Domtar Corporation will be traded on the New York Stock Exchange. We expect Domtar Corporation will be the largest manufacturer of uncoated freesheet paper (e.g., copier paper, stationary, etc) in North America. Domtar Corporation will have its executive offices at 395 de Maisonneuve Blvd West Montreal, Quebec, Canada H3A 1L6 and its operating headquarters at 100 Kingsley Park Drive, Fort Mill, South Carolina 29715-6476.

At closing, Domtar Paper Company, LLC will receive the assets of the Weyerhaeuser Fine Paper business that are in the United States. Those assets include the Weyerhaeuser pulp and paper mills at Plymouth, North Carolina; Bennettsville, South Carolina; Hawesville, Kentucky; Johnsonburg, Pennsylvania; and Rothschild, Wisconsin, among others.

What I hope to convey in this summary is the fact that Domtar Paper Company, LLC will have substantial assets, thousands of employees, and be part of a large organization with great financial strength.

You will find attached the following exhibits, all intended to provide additional details.

1. Weyerhaeuser press release, August 23, 2006
2. Domtar Inc. press release, August 23, 2006
3. Domtar fact sheet
4. Certificates from the Delaware Secretary of State and the certificates of formation of Weyerhaeuser ELI, LLC and changing the name of Weyerhaeuser ELI, LLC to Domtar Paper Company, LLC²
5. North Carolina Application for Certificate of Authority
6. List of names and descriptions of Domtar Paper Company, LLC and related companies in the U.S. and Canada

¹ Companies — plural — is correct because one is in the United States and one is in Canada.

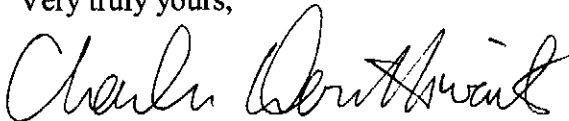

² Please note that Domtar Paper Company, LLC was formed August 18, 2006.

News Release

Weyerhaeuser to Combine Fine Paper, Papergrade Pulp, Related Assets with Domtar; Creates Largest North American Fine Paper Company

FEDERAL WAY, Wash., August 23, 2006 — Weyerhaeuser Company (NYSE: WY) today announced that it has reached a definitive agreement to combine its Fine Paper business and related assets with Domtar Inc. (TSE/NYSE: DTC). The transaction gives Weyerhaeuser shareholders 55 percent ownership in the new company and includes a \$1.35 billion cash payment to Weyerhaeuser. The cash payment, plus the stock valued at the closing price of Domtar stock on Aug. 22, 2006, results in a transaction value of \$3.3 billion before considering resulting synergies.

The combination is expected to be tax-free for Weyerhaeuser and its shareholders for U.S. federal income tax purposes. The transaction, which has been approved by the boards of directors of both companies, is expected to close in the first quarter of 2007.

"This transaction will create the North American market leader in fine paper and we anticipate that the combination will generate approximately \$200 million in annual synergies within the next two years," said Steven R. Rogel, chairman, president and chief executive officer. "I'm pleased that Weyerhaeuser shareholders will have the opportunity to participate in value created by this transaction. It's also good news for our employees in these businesses because the combination of our assets with those of Domtar creates a stronger leader in the paper market. Our employees have created one of the most efficient, low-cost systems in the industry. I know they will play a big role in the future success of the 'new Domtar.'

"This important milestone transforms Weyerhaeuser into a company with a more focused business portfolio and allows our team to concentrate its full attention on the execution of strategies in our core businesses," Rogel said. "With this announcement, we can now resume our previously authorized share repurchase program."

Under the terms of the agreement, Weyerhaeuser will distribute ownership of the Fine Paper business and related assets to Weyerhaeuser shareholders in either a spin-off or split-off transaction. Weyerhaeuser will determine which approach it will take prior to closing the transaction. A spin-off would involve a pro-rata distribution of shares to Weyerhaeuser shareholders. A split-off would provide Weyerhaeuser shareholders the option to elect to exchange Weyerhaeuser shares for stock in the "new Domtar." Regardless of the method, upon closing of the merger former Weyerhaeuser shareholders will own 55 percent of the "new Domtar." Former Domtar shareholders will own 45 percent of the new company.

Raymond Royer, Domtar president and chief executive officer, will lead an organization of 14,000 employees with a management team composed of executives from Weyerhaeuser paper operations and Domtar. This team includes Marvin Cooper, Weyerhaeuser senior vice president, Cellulose Fiber & White Paper, Containerboard Manufacturing and Engineering, who will become chief operating officer of the new company. Domtar's senior vice-president and chief financial officer, Daniel Buron, will be the new company's chief financial officer.

The "new Domtar" will have its head office in Montreal, Quebec, while the headquarters of operations will be in Fort Mill, S.C.

Harold MacKay, counsel and formerly chairman and senior partner to the Regina, Saskatchewan law firm of MacPherson Leslie & Tyerman LLP and an international advisor to Weyerhaeuser's board of directors, will chair a 13-member board – seven nominated by Weyerhaeuser, six by Domtar. MacKay

will resign his Weyerhaeuser advisory role before becoming chairman.

"With this transaction, we are transforming Domtar into one of the world's leading paper companies, creating a strong company for shareholders and presenting new opportunities for employees and customers," Royer said. "We are proactively enhancing the quality of our asset mix and taking decisive action to assure our future in a consolidating industry. This compelling strategic and operational fit will make the 'new Domtar' financially stronger, with prominent brands, a lower cost base, and the necessary scale and scope to succeed in the highly competitive global marketplace."

Weyerhaeuser manufacturing assets included in the combination include:

- Eight paper mills and associated pulp mills (Dryden, Ontario; Hawesville, Ky.; Johnsonburg, Pa.; Kingsport, Tenn.; Bennettsville, S.C.; Plymouth, N.C.; Prince Albert, Saskatchewan; Rothschild, Wis.).
- 14 converting centers (Brownsville, Tenn.; Cerritos, Calif.; Dallas, Texas; DuBois, Pa.; Indianapolis, Ind.; Langhorne, Pa.; Mira Loma, Calif.; Owensboro, Ky.; Plymouth, N.C.; Prince Albert, Saskatchewan; Ridgefields, Tenn.; Rock Hill, S.C.; Tatum, S.C., Washington Court, Ohio).
- The market pulp mill at Kamloops, British Columbia.
- The coated groundwood mill in Columbus, Miss.
- Two softwood lumber mills (Big River, Saskatchewan; Ear Falls, Ontario).

The transaction is subject to review by antitrust agencies and securities regulators in the United States and Canada, the receipt of a favorable tax ruling from the U.S. Internal Revenue Service, and other customary closing conditions. It is also subject to approval by Domtar shareholders. Weyerhaeuser and Domtar will continue to operate separately until the transaction closes.

Weyerhaeuser's financial advisor on the transaction was Morgan Stanley & Co. Inc. Its legal advisor in the United States was Cravath, Swaine & Moore LLP. Blake, Cassels & Grayson acted as Weyerhaeuser's Canadian legal advisor.

FORWARD LOOKING STATEMENT

This news release contains statements concerning the company's future results and performance that are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Some of these forward-looking statements can be identified by the use of forward-looking terminology such as "expects," "may," "will," "believes," "should," "approximately," "anticipates," "estimates," and "plans," and the negative or other variations of those terms or comparable terminology or by discussions of strategy, plans or intentions.

This press release contains forward-looking statements relating to trends in, or representing management's beliefs about, Domtar's and the "new Domtar"'s future growth, results of operations, performance and business prospects and opportunities. These forward-looking statements are generally denoted by the use of words such as "anticipate", "believe", "expect", "intend", "aim", "target", "plan", "continue", "estimate", "may", "will", "should" and similar expressions and include, but are not limited to, statements about the anticipated benefits, savings and synergies of the merger between Domtar and Weyerhaeuser's paper business, including future financial and operating results, the "new Domtar"'s plans, objectives, expectations and intentions, the markets for the "new Domtar"'s products, the future development of the "new Domtar"'s business, and the contingencies and uncertainties to which the "new Domtar" may be subject and other statements that are not historical facts. These statements reflect management's current beliefs and are based on information currently available to management. Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by management, are inherently subject to known and unknown risks and uncertainties such as, but not limited to, general economic and business conditions, product selling prices, raw material and operating costs, changes in foreign currency exchange rates, the ability to integrate acquired businesses into existing operations, the ability to realize anticipated cost savings, the performance of manufacturing operations and other factors referenced herein and in Domtar's continuous disclosure filings. These factors should be considered carefully and undue reliance

should not be placed on the forward-looking statements. Although the forward-looking statements are based upon what management believes to be reasonable estimates and assumptions, Domtar cannot ensure that actual results will not be materially different from those expressed or implied by these forward-looking statements. Unless specifically required by law, none of Domtar, Weyerhaeuser or the "new Domtar" assume any obligation to update or revise these forward-looking statements to reflect new events or circumstances. These risks, uncertainties and other factors include, among other things, those discussed under "Risk Factors" in Domtar's Management's Discussion and Analysis (MD&A). There is no assurance the transaction contemplated in this release will be completed at all, or completed upon the same terms and conditions described.

Domtar to Create Largest Fine Paper Company in North America through Combination with Weyerhaeuser's Fine Paper Business

- Enterprise value of new company to exceed US\$6 billion
- The "new Domtar" to be led by Domtar's current President and CEO, Raymond Royer
- Head Office in Montréal, Quebec; Headquarters of Operations in Fort Mill, South Carolina

Montreal, August 23, 2006 – Domtar Inc. (TSX/NYSE: DTC) today announced the creation of the largest manufacturer and marketer of uncoated freesheet paper in North America and the second largest in the world. Domtar has signed a definitive agreement to combine with Weyerhaeuser's (NYSE: WY) fine paper business and related assets. The new company, to be called Domtar, will have its Head Office in Montréal, Quebec, while the Headquarters of Operations will be in Fort Mill, South Carolina. The transaction has been approved by the Boards of Directors of both companies.

"With this transaction, we are transforming Domtar into one of the world's leading paper companies, presenting shareholders with new opportunities and creating a stronger company for employees and customers," said Raymond Royer, Domtar's President and Chief Executive Officer, who will lead the new company in the same capacity. "We are proactively enhancing the quality of our asset mix and taking decisive action to assure our future in a consolidating industry. In addition to more than doubling Domtar's current paper production capacity, this compelling strategic and operational fit will make the new company financially stronger with prominent brands, a lower cost base and the necessary scale and scope to succeed in the highly competitive global marketplace", added Mr. Royer.

Based on annualized Q2 2006 unaudited results for Domtar (excluding Norampac) and for Weyerhaeuser's fine paper business, Domtar estimates the new company would generate approximately US\$6.5 billion in sales and US\$730 million in EBITDA, before synergies. The new company will have an enterprise value exceeding US\$6 billion.

The "New Domtar"

The backbone of the new company will be six highly efficient world-class uncoated freesheet mills that will provide two-thirds of its more than five million tons of

capacity. These mills, combined with a solid mix of specialty facilities, will make the new company one of the most efficient and cost-competitive paper companies in North America. The company will have an expanded North American reach and a wide range of well-known business and commercial printing paper brands. With greater access to volume, increased depth of product offerings, and better service through a wider geographic footprint, the company will be in a position to meet the needs of large and small customers alike throughout Canada and the United States. It will maintain the environmental leadership shown by both Domtar and Weyerhaeuser, notably through added capacity to expand its environmentally and socially responsible papers such as the EarthChoice® product line. (For more details on the new company see the "Fact Sheet" issued with this news release.)

Leadership Team

Mr. Royer, as President and CEO, will lead an organization of nearly 14,000 employees with a management team composed of executives from Domtar and Weyerhaeuser paper operations. This team includes Marvin Cooper, currently Weyerhaeuser's Senior Vice-President, Cellulose Fiber & White Paper, Containerboard Manufacturing and Engineering, who will become Chief Operating Officer of the new company. Domtar's current Senior Vice-President and Chief Financial Officer, Daniel Buron, will be the Chief Financial Officer.

Harold MacKay, counsel and former chairman and senior partner at the Regina, Canada-based law firm of MacPherson Leslie and Tyerman LLP, and an international advisor to Weyerhaeuser's Board of Directors, will become non-executive Chairman of the new company's 13-member Board of Directors – seven of whom will be nominated by Weyerhaeuser and six by Domtar. Mr. MacKay will resign his Weyerhaeuser advisory role before becoming Chairman of the "new Domtar".

Synergies

It is anticipated that the new company will achieve approximately US\$200 million in annualized synergies within two years, created by a combination of process optimization resulting in lower operating costs, reductions in transportation, logistics and purchasing costs, implementation of best-in-class business practices and sales and administrative cost reductions. The cost to implement these synergies is anticipated to be approximately US\$100 million.

Transaction Structure

Under the terms of the transaction, which is structured as a "Reverse Morris Trust", Weyerhaeuser's fine paper business, consisting of 10 primary pulp and paper mills (seven in the United States and three in Canada), converting, forming and warehousing facilities and two sawmills will be transferred into a newly formed company for stock and a cash payment of US\$1.35 billion to be provided by the new company through borrowings under a credit facility. Weyerhaeuser will distribute the shares of the new company to its shareholders in either a spin-off or split-off transaction at its own discretion. (A spin-off would provide a pro-rata distribution of shares to Weyerhaeuser shareholders. A split-off would allow Weyerhaeuser shareholders the opportunity to exchange Weyerhaeuser shares for stock in the new paper business.) Domtar will combine with the newly formed company to create the "new Domtar".

The combination will take place under a Plan of Arrangement. Under the Plan of Arrangement:

1. All shares of Domtar will be automatically exchanged – on a one-for-one basis – for common shares of a Canadian subsidiary of the "new Domtar".
2. Following that, Domtar shareholders who are taxable Canadian residents can either exchange these shares for common shares in the "new

Domtar" (which will be traded on the New York Stock Exchange and on the Toronto Stock Exchange) or they can receive the "new Domtar" Canadian subsidiary exchangeable shares (which will be traded on the Toronto Stock Exchange). The exchangeable shares are the economic equivalent of the common shares of the "new Domtar", with equal dividend entitlement and voting rights at the level of the "new Domtar". The exchangeable shares are exchangeable at any time at the option of the holder into the "new Domtar" common shares on a one-for-one basis.

3. For taxable Canadian residents who choose the exchangeable shares, the transaction will be tax deferred. However, if they select to receive shares directly in the "new Domtar", the transaction is taxable.
4. Non-Canadian residents who are Domtar shareholders will automatically receive common shares in the "new Domtar" and for them the transaction will be taxable.
5. The transaction is expected to be tax deferred to all U.S. holders of Weyerhaeuser shares.

At the time of the closing, the combined company will be owned approximately 55% by former Weyerhaeuser shareholders and 45% by former Domtar shareholders.

The combination is subject to approvals by the shareholders of Domtar by a special resolution, the Superior Court of Quebec, appropriate regulatory and other authorities, as well as customary closing conditions. The transaction is expected to close in the first quarter of 2007. Domtar and Weyerhaeuser will continue to operate separately until the transaction closes.

Applications will be made to list the shares of the "new Domtar" on the New York Stock Exchange and on the Toronto Stock Exchange, and the exchangeable shares on the Toronto Stock Exchange.

In due course, information relating to this transaction, including Domtar's Management Proxy Circular in connection with the anticipated Special Meeting of Domtar shareholders to be convened to consider the transaction, will be prepared and distributed to holders of Domtar's common and preferred shares. Special Meeting and record dates will be announced later.

Domtar's financial advisors in this transaction are J.P. Morgan Securities Inc. and RBC Dominion Securities Inc., and its legal advisers are Debevoise & Plimpton LLP and Ogilvy Renault LLP.

Joint Financial Analysts Conference Call Information

Domtar and Weyerhaeuser will hold a live conference call with financial analysts at 9:30 a.m. Eastern (6:30 a.m. Pacific) today, August 23, to discuss this announcement. Financial analysts are invited to participate in the call by dialing 1-888-221-5699 at least 15 minutes before the call. Those calling from outside North America should dial 1-706-643-3795. Replays will be available for one week at 1-800-642-1687 (access code - 4924122) from within North America and at 1-706-645-9291 (access code - 4924122) from outside North America. Media and other interested individuals are invited to listen to the live broadcast on the Domtar corporate website at <http://www.domtar.com/en/investors/media/3012.asp>

Caution Concerning Forward-Looking Statements and Unaudited Financial Statements

Financial information contained in this press release reflecting the combination of Domtar and Weyerhaeuser's fine paper business and related assets is based on unaudited "carve out" financial statements of Weyerhaeuser's fine paper business and related assets as financial statements historically have not been prepared for Weyerhaeuser's fine paper business and related assets. Such "carve out" financial

statements were derived from historical accounting records of Weyerhaeuser. The historical operating results and cash flows of Weyerhaeuser's fine paper business and related assets may not be indicative of what they would have been had such business been a stand-alone entity, nor are they necessarily indicative of what the future operating results and cash flows of such business may be in the future. Audited "carve out" financial statements of Weyerhaeuser's fine paper business and related assets for the years ended December 31, 2005, 2004 and 2003 will be made available and included in Domtar's Management Proxy Circular to be distributed to Domtar's shareholders referred to above. There may be differences between such audited financial statements and the unaudited financial statements received by Domtar to date.

This press release contains forward-looking statements relating to trends in, or representing management's beliefs about, Domtar's and the "new Domtar"'s future growth, results of operations, performance and business prospects and opportunities. These forward-looking statements are generally denoted by the use of words such as "anticipate", "believe", "expect", "intend", "aim", "target", "plan", "continue", "estimate", "may", "will", "should" and similar expressions and include, but are not limited to, statements about the anticipated benefits, savings and synergies of the combination of Domtar and Weyerhaeuser's fine paper business and related assets, including future financial and operating results, the "new Domtar"'s plans, objectives, expectations and intentions, the markets for the "new Domtar"'s products, the future development of the "new Domtar"'s business, and the contingencies and uncertainties to which the "new Domtar" may be subject and other statements that are not historical facts. These statements reflect management's current beliefs and are based on information currently available to management. Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by management, are inherently subject to known and unknown risks and uncertainties such as, but not limited to, general economic and business conditions, product selling prices, raw material and operating costs, changes in foreign currency exchange rates, the ability to integrate acquired businesses into existing operations, the ability to realize anticipated cost savings, the performance of manufacturing operations and other factors referenced herein and in Domtar's continuous disclosure filings. These factors should be considered carefully and undue reliance should not be placed on the forward-looking statements. Although the forward-looking statements are based upon what management believes to be reasonable estimates and assumptions, Domtar cannot ensure that actual results will not be materially different from those expressed or implied by these forward-looking statements. Unless specifically required by law, none of Domtar, Weyerhaeuser or the "new Domtar" assume any obligation to update or revise these forward-looking statements to reflect new events or circumstances. These risks, uncertainties and other factors include, among other things, those discussed under "Risks and Uncertainties" in Domtar's Management's Discussion and Analysis (MD&A) for the financial year ended December 31, 2005, and under "Risks and Uncertainties" in Domtar's MD&A for Q2 2006, as well as the risks of achieving the anticipated synergies and the integration of the two businesses. There is no assurance the transaction contemplated in this release will be completed at all, or completed upon the same terms and conditions described.

Caution Concerning Forward-Looking Statements and Unaudited Financial Statements

Financial information contained in this fact sheet reflecting the combination of Domtar and Weyerhaeuser's fine paper business and related assets is based on unaudited "carve out" financial statements of Weyerhaeuser's fine paper business and related assets as financial statements historically have not been prepared for Weyerhaeuser's fine paper business and related assets. Such "carve out" financial statements were derived from historical accounting records of Weyerhaeuser. The historical operating results and cash flows of Weyerhaeuser's fine paper business and related assets may not be indicative of what they would have been had such business been a stand-alone entity, nor are they necessarily indicative of what the future operating results and cash flows of such business may be in the future. Audited "carve out" financial statements of Weyerhaeuser's fine paper business and related assets for the years ended December 31, 2005, 2004 and 2003 will be made available and included in Domtar's Management Proxy Circular to be distributed to Domtar's shareholders referred to above. There may be differences between such audited financial statements and the unaudited financial statements received by Domtar to date.

This fact sheet contains forward looking statements relating to trends in, or representing management's beliefs about, Domtar's and the "new Domtar"'s future growth, results of operations, performance and business prospects and opportunities. These forward-looking statements are generally denoted by the use of words such as "anticipate", "believe", "expect", "intend", "aim", "target", "plan", "continue", "estimate", "may", "will", "should" and similar expressions and include, but are not limited to, statements about the anticipated benefits, savings and synergies of the combination of Domtar and Weyerhaeuser's fine paper business and related assets, including future financial and operating results, the "new Domtar"'s plans, objectives, expectations and intentions, the markets for the "new Domtar"'s

products, the future development of the "new Domtar"'s business, and the contingencies and uncertainties to which the "new Domtar" may be subject and other statements that are not historical facts. These statements reflect management's current beliefs and are based on information currently available to management. Forward looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by management, are inherently subject to known and unknown risks and uncertainties such as, but not limited to, general economic and business conditions, product selling prices, raw material and operating costs, changes in foreign currency exchange rates, the ability to integrate acquired businesses into existing operations, the ability to realize anticipated cost savings, the performance of manufacturing operations and other factors referenced herein and in Domtar's continuous disclosure filings. These factors should be considered carefully and undue reliance should not be placed on the forward-looking statements. Although the forward-looking statements are based upon what management believes to be reasonable estimates and assumptions, Domtar cannot ensure that actual results will not be materially different from those expressed or implied by these forward looking statements. Unless specifically required by law, none of Domtar, Weyerhaeuser or the "new Domtar" assume any obligation to update or revise these forward looking statements to reflect new events or circumstances. These risks, uncertainties and other factors include, among other things, those discussed under "Risks and Uncertainties" in Domtar's Management's Discussion and Analysis (MD&A) for the financial year ended December 31, 2005, and under "Risks and Uncertainties" in Domtar's MD&A for Q2 2006, as well as the risks of achieving the anticipated synergies and the integration of the two businesses. There is no assurance the transaction contemplated in this fact sheet will be completed at all, or completed upon the same terms and conditions described

SUMMARY

The following summary contains certain information from this Information Statement. It does not contain all the details concerning the distribution of our common stock to Weyerhaeuser shareholders, including information that may be important to you. To better understand the Distribution and our business and financial position, you should carefully review this entire Information Statement and the documents it refers to. See "Where You Can Find More Information."

The Companies

Domtar Corporation:

Domtar Corporation
33663 Weyerhaeuser Way South
Federal Way, WA 98003
Telephone: (253) 924-2345

Domtar Corporation (formerly known as Weyerhaeuser TIA, Inc. and referred to herein as the "Company") is currently a wholly-owned subsidiary of Weyerhaeuser and was incorporated in its current form as a Delaware corporation in August 2006 to indirectly hold the Weyerhaeuser Fine Paper Business and consummate the arrangement with Domtar. The Weyerhaeuser Fine Paper Business is currently operated by Weyerhaeuser but will be transferred to Newco and Newco Canada Exchangeco (or a subsidiary of Newco Canada Exchangeco) prior to the Distribution and the Arrangement. Weyerhaeuser will subsequently transfer the limited liability company interests in Newco to the Company. This Information Statement describes the Company as if it held the Weyerhaeuser Fine Paper Business (indirectly through Newco) for all periods and dates presented. The description of the Company in this Information Statement does not include the business of Domtar. For information regarding Domtar and the pro forma effect of the Arrangement on the Company, see "Selected Historical Financial Data of Domtar," "Unaudited Pro Forma Condensed Combined Financial Information of the Company," "Business of the Combined Company," "Business of Domtar," and "Where You Can Find More Information."

The Company principally manufactures and sells fine paper, including uncoated free sheet and coated groundwood. Based on production capacity, the Company is the second largest integrated manufacturer of uncoated free sheet in North America and the third largest in the world, with six uncoated free sheet mills in the United States and two in Canada (one of which is currently not in operation) and one coated groundwood mill in the United States.

The Company also manufactures papergrade pulp at several of its paper mills, fluff pulp at its pulp mill in Plymouth, North Carolina and papergrade pulp and specialty pulp at its pulp mill in Kamloops, British Columbia. Fluff pulp and specialty pulp are sold to third parties. Papergrade pulp is sold to the extent the Company has greater capacity for pulp production than is required for internal use at its paper mills.

The Company generated revenues of \$3.3 billion during 2005 and \$2.4 billion during the thirty-nine weeks ended September 24, 2006, of which the revenues generated by pulp and fine paper products represented approximately 94% in both periods. In addition to its pulp and fine paper business, the Company manufactures softwood lumber products. See "Business of the Company."

Domtar Inc.:

Domtar Inc.
395 de Maisonneuve Blvd. West
Montreal, QC
Canada H3A 1L6
Telephone: (514) 848-5400

Based on production capacity, Domtar Inc. (also referred to herein as "Domtar") is the third largest integrated manufacturer of uncoated free sheet in North America and the fourth largest in the world, with four

pulp and paper mills in Canada (one of which is currently not in operation) and five in the United States. Domtar's paper business is its most important segment and represented 55% of Domtar's consolidated sales in 2005 (which includes 50% of Norampac Inc.'s sales as required under Canadian GAAP), or 61% when including sales of Domtar paper through its paper merchants business. In addition to its paper business, Domtar manufactures and markets lumber and wood-based value-added products and engages in the paper merchants business, which involves the purchasing, warehousing, sale and distribution of various paper products made by Domtar and by other manufacturers. Domtar also owns a 50% equity interest in Norampac Inc., a joint venture active in the packaging business. See "Business of Domtar" and "Where You Can Find More Information."

The Transactions

On August 23, 2006, Weyerhaeuser and Domtar announced they entered into agreements providing for a combination of the Weyerhaeuser Fine Paper Business and Domtar. Below is a step-by-step description of the sequence of material events relating to the combination.

Step 1 The Canadian Asset Transfer:

Weyerhaeuser Company Limited and Weyerhaeuser Saskatchewan Ltd., two Canadian subsidiaries of Weyerhaeuser, will transfer certain of their fine paper and related assets to Newco Canada Exchangeco or a subsidiary of Newco Canada Exchangeco and Newco Canada Exchangeco or the subsidiary of Newco Canada Exchangeco will assume certain of Weyerhaeuser Company Limited's and Weyerhaeuser Saskatchewan Ltd.'s fine paper and related liabilities. See "The Canadian Asset Transfer Agreement."

Step 2 The Newco Contribution:

Weyerhaeuser will transfer to Newco certain of Weyerhaeuser's U.S. fine paper and related assets in exchange for the issuance of additional limited liability company interests of Newco to Weyerhaeuser and the assumption by Newco of certain of Weyerhaeuser's fine paper and related liabilities. See "The Transactions — The Contribution."

Step 3 The Interim Financing:

The Company will draw down \$1.35 billion under a three-month unsecured term loan facility. See "Financing."

Step 4 The Company Contribution:

Weyerhaeuser will transfer to the Company all of the issued and outstanding limited liability company interests of Newco in exchange for (x) \$1.35 billion in cash, and (y) a number of shares of Company common stock, determined in accordance with a formula specified in the Contribution and Distribution Agreement. See "The Transactions — The Contribution."

Step 5 The Listing:

The shares of Company common stock will be listed on the New York Stock Exchange and the Toronto Stock Exchange under the symbol " ." See "The Transactions — Listing and Trading of the Company Common Stock."

Step 6 The Distribution:

Weyerhaeuser will distribute all the issued and outstanding shares of Company common stock to the Weyerhaeuser shareholders. The Distribution may be effected, at Weyerhaeuser's election, as a pro rata dividend, as an exchange offer or as a combination of both. See "The Transactions — The Distribution."

Step 7 The Arrangement:

The Company and Domtar will consummate a plan of arrangement in accordance with Section 192 of the Canada Business Corporation Act that will result in the Company indirectly owning all of the outstanding Domtar common shares. See "The Transactions — The Arrangement."

Step 8 The Company Financing:

The three-month unsecured term loan facility will be converted to be part of the seven-year senior secured term loan facility. See "Financing."

The Company After the Transactions

Immediately following the consummation of the Transactions, the Company will be an independent public company, owned approximately 55% by Weyerhaeuser shareholders or former Weyerhaeuser shareholders and approximately 45% by former Domtar shareholders, in each case on a fully diluted basis. The Company will be a holding company that will, directly or indirectly, own and operate the Weyerhaeuser Fine Paper Business and the Domtar business.

In connection with the Transactions, Weyerhaeuser, the Company and/or their respective subsidiaries will also enter into a tax sharing agreement, an intellectual property license agreement, a transition services agreement, a U.S. fiber supply agreement, a Canadian fiber supply agreement, a pulp supply agreement and site services agreements. The site services will relate to facilities in Columbus, Mississippi; Plymouth, North Carolina and Kamloops, British Columbia with Weyerhaeuser, Weyerhaeuser Company Limited or Weyerhaeuser Saskatchewan Ltd. In addition, the Company expects to enter into a joint purchase agreement with Weyerhaeuser. See "Our Relationship With Weyerhaeuser After the Distribution."

What Weyerhaeuser Shareholders are Receiving

The Contribution and Distribution Agreement provides that the Company will issue to Weyerhaeuser, as a part of the consideration for the Company Contribution, a number of shares of Company common stock equal to (A) the product of (i) the number of Domtar common shares outstanding on a fully diluted basis on the "measurement date," which will be the last trading day immediately prior to the day of the Contribution in the case of a pro rata dividend or the trading day designated by Weyerhaeuser not more than 11 business days prior to the Distribution in the case of an exchange offer, and (ii) 11/9, minus (B) the sum of (i) the aggregate number of shares of Company common stock issuable pursuant to Company equity awards that will be issued to Company employees who are former Weyerhaeuser employees and who elect to roll-over their Weyerhaeuser equity awards into Company equity awards, and (ii) the number of shares of Company common stock outstanding prior to the Contribution. We refer to the product of this formula as the "Total Company Shares to Weyerhaeuser."

Distribution as a Pro Rata Dividend

If Weyerhaeuser elects to effect the Distribution in whole as a pro rata dividend, the Weyerhaeuser shareholders will have the right to receive for each Weyerhaeuser share they own on the record date a number of shares of Company common stock equal to the Total Company Shares to Weyerhaeuser, divided by the total number of Weyerhaeuser shares outstanding on the record date.

In such event, it is currently estimated that Weyerhaeuser shareholders will be entitled to receive approximately shares of Company common stock for each Weyerhaeuser share that they own as of the record date for the Distribution. However, the exact number of shares of Company common stock will be finally

determined based on the number of Domtar common shares outstanding (on a fully diluted basis) on the last trading day immediately prior to the date of the Contribution, the number of Weyerhaeuser common shares subject to Weyerhaeuser equity awards that are elected by Weyerhaeuser employees to be rolled-over into Company equity awards (see "The Transaction Agreement — Treatment of Weyerhaeuser Equity Awards") and the number of Weyerhaeuser shares outstanding on the record date for the Distribution. Therefore the exact number of shares of Company common stock will be different from our estimate to the extent that the number of Weyerhaeuser and Domtar common shares and equity awards outstanding at such times are not the same as the number assumed in our estimates. We expect, however, that the number of Weyerhaeuser and Domtar common shares and equity awards will not increase significantly as neither Weyerhaeuser nor Domtar currently has plans to issue any shares of their common stock prior to the Distribution other than pursuant to grants of equity incentive awards in the ordinary course of business. The number of Weyerhaeuser and Domtar common shares and equity awards may, however, decrease as a result of any repurchases of Weyerhaeuser common shares pursuant to Weyerhaeuser's existing share repurchase plan or as a result of any exchange of Domtar stock options pursuant to the Arrangement. See "The Transaction Agreement — Treatment of Domtar Equity Awards."

If Weyerhaeuser has already consummated a portion of the Distribution as an exchange offer and elects to distribute to its shareholders the remainder of the Total Company Shares to Weyerhaeuser as a pro rata dividend, the Weyerhaeuser shareholders will have the right to receive for each Weyerhaeuser share a number of shares of Company common stock equal to the number of shares of Company common stock held by Weyerhaeuser after giving effect to the prior exchange offer, divided by the sum of the total number of Weyerhaeuser shares outstanding on the record date after giving effect to the prior exchange offer.

Weyerhaeuser shareholders who otherwise would be entitled to receive a fraction of a share of Company common stock in an exchange offer will be entitled to receive the net proceeds, after deducting any required withholding taxes and brokerage charges, commissions and transfer taxes, of the sale of this fractional share on their behalf by the transfer agent on the open market or otherwise.

Distribution as an Exchange Offer

If Weyerhaeuser elects to effect the Distribution in whole or in part as an exchange offer, Weyerhaeuser will determine the terms of the exchange offer, including the maximum number of Weyerhaeuser shares that will be accepted for exchange in the exchange offer and the number of shares of Company common stock that will be offered in exchange for each validly tendered Weyerhaeuser share.

Weyerhaeuser shareholders who otherwise would be entitled to receive a fraction of a share of Company common stock will be entitled to receive the net proceeds, after deducting any required withholding taxes and brokerage charges, commissions and transfer taxes, of the sale of this fractional share on their behalf by the exchange agent on the open market or otherwise.

The Company Financing

On August 22, 2006, the Company, Domtar, J.P. Morgan Securities Inc., JPMorgan Chase Bank, N.A. and Morgan Stanley Senior Funding, Inc. entered into a commitment letter. The financing commitments provided for by the commitment letter are subject to customary conditions, including the absence of any state of facts, change, effect, condition, development, event or occurrence (including regarding Norampac Inc.) that has been or would reasonably be likely to be material and adverse to (A) the business, assets, properties, condition (financial or otherwise) or results of operations of Domtar and its subsidiaries or of Newco and its subsidiaries, in each case taken as a whole, or of their respective business, operations and affairs, subject to certain exceptions, or to (B) the ability of any of Domtar, Weyerhaeuser or Newco to perform their respective obligations under the Transaction Agreement or related documents or to consummate the Transactions. The Company has agreed to

pay J.P. Morgan Securities Inc., JPMorgan Chase Bank, N.A. and Morgan Stanley Senior Funding, Inc. certain fees in connection with the transactions contemplated by the commitment letter and has agreed to indemnify J.P. Morgan Securities Inc., JPMorgan Chase Bank, N.A., Morgan Stanley Senior Funding, Inc. and their respective affiliates against certain liabilities.

The commitment letter provides for a financing commitment of an aggregate amount of up to \$2.775 billion, consisting of the following:

- a five-year senior secured revolving credit facility to be available to the Company, Newco and Domtar in a principal amount of \$750 million, up to \$350 million (or the Canadian dollar equivalent thereof) of which may be borrowed by Domtar; and
- a three-month unsecured term loan facility to be available to the Company in a principal amount of \$1.35 billion, which, upon consummation of the Transactions, will be converted to be part of a new seven-year senior secured term loan facility to be available to the Company in an aggregate amount of up to \$1.7 billion, which may be increased at the option of the Company by incremental loans to be available to the Company and Domtar of up to \$325 million to the extent necessary to refinance the existing accounts receivable securitization of Domtar and/or to redeem notes if tendered pursuant to a change of control offer with respect to Domtar's \$125 million 9.5% Debentures due August 2016.

Immediately prior to the Company Contribution, the Company will borrow under the three-month unsecured term loan facility to finance the \$1.35 billion cash payment by the Company to Weyerhaeuser as consideration for the Company Contribution. Following the consummation of the Transactions, the \$1.35 billion three-month unsecured term loan facility will be converted to be part of the seven-year senior secured term loan facility. The proceeds of the seven-year senior secured term loan facility will be used to finance a portion of the Transactions, including fees, expenses and obligations related to or triggered by the Transactions. The five-year senior secured revolving credit facility may be used by the Company, Newco and Domtar for working capital needs and for general corporate purposes, and a portion will be available for letters of credit and swingline loans. The seven-year senior secured term loan facility and the five-year senior secured revolving credit facility are referred to herein as the "senior secured credit facilities."

Board of Directors and Management of the Company following the Transactions

We currently expect that, following the consummation of the Transactions, the Company will initially have a board of 13 directors, consisting of seven designees of Weyerhaeuser, including Mr. Harold MacKay, formerly an international advisor to Weyerhaeuser's board of directors and Mr. Marvin Cooper, formerly senior vice president, cellulose fiber, white papers and containerboard manufacturing and engineering of Weyerhaeuser, and six designees of Domtar, including Mr. Brian M. Levitt, currently the chairman of the board of directors of Domtar, and Mr. Raymond Royer, currently the president and chief executive officer of Domtar.

Mr. Harold MacKay will be the non-executive chairman of the Company's board of directors. Mr. Raymond Royer will be the president and chief executive officer of the Company. Mr. Marvin Cooper will be the chief operating officer of the Company and Mr. Steven A. Barker, currently senior vice president of pulp and paper sales and marketing of Domtar, will be the Company's senior executive in charge of marketing. Mr. Daniel Buron, currently the chief financial officer of Domtar, will be the chief financial officer of the Company and Mr. Michael Edwards, currently vice president of paper manufacturing of Weyerhaeuser, will be the Company's senior executive in charge of pulp and paper manufacturing. Mr. Richard L. Thomas, currently vice president of fine papers of Weyerhaeuser, will be the Company's senior executive in charge of sales.

Accounting Treatment and Considerations

The Contribution and Distribution

To the extent Weyerhaeuser elects to effect the Distribution as a pro rata dividend, the Company will record the long-lived assets that it will receive from Weyerhaeuser, Weyerhaeuser Company Limited and Weyerhaeuser Saskatchewan Ltd. at the amount that the long-lived assets are carried on Weyerhaeuser's consolidated financial statements, or at a lower amount if the fair value of the Weyerhaeuser Fine Paper Business is lower than its carrying amount. Fair value is currently estimated based on the market price of Domtar common shares, the number of Domtar common shares that are outstanding, and the assumption that 55% of the outstanding shares of Company common stock on a fully diluted basis will be held by Weyerhaeuser shareholders or former Weyerhaeuser shareholders immediately after the consummation of the Arrangement. The Company will record all other assets and liabilities that it will receive from Weyerhaeuser, Weyerhaeuser Company Limited and Weyerhaeuser Saskatchewan Ltd. in a pro rata dividend at the amount that the assets and liabilities are carried on Weyerhaeuser's consolidated financial statements.

To the extent Weyerhaeuser elects to effect the Distribution as an exchange offer, the Company will record any assets and liabilities received from Weyerhaeuser, Weyerhaeuser Company Limited or Weyerhaeuser Saskatchewan Ltd. in the exchange offer at fair value and this Information Statement will be amended appropriately to reflect such procedures.

The Arrangement

The Company will account for the Arrangement using the purchase method of accounting, with the Company being treated as the acquiring entity for accounting purposes. As a result, the assets and liabilities of Domtar will be recorded at their estimated fair values as of the date that the Arrangement occurs. The total purchase price is currently estimated based on the market price of Domtar common shares and the number of Domtar common shares that are outstanding, plus other costs directly related to the Arrangement.

General

Our current estimate of the fair value of the Weyerhaeuser Fine Paper Business and the total purchase price for Domtar could change based on fluctuations in the market price of Domtar common shares and changes in the number of Domtar common shares that are outstanding. The estimates of the fair value of Weyerhaeuser's Fine Paper Business and of the total purchase price for Domtar are for accounting purposes only and are not indicative of the price at which Company common stock will trade immediately after the consummation of the Arrangement or the value of Company common stock to be received by holders of Domtar common shares in connection with the Arrangement.

See "Unaudited Pro Forma Condensed Combined Financial Information of the Company," "Where You Can Find More Information" and the financial statements of the Company and the Weyerhaeuser Fine Paper Business and the notes thereto included elsewhere in this Information Statement.

Material U.S. Federal Income Tax Consequences

Weyerhaeuser has applied for a private letter ruling from the Internal Revenue Service (the "IRS") to the effect that the Contribution and Distribution will qualify as tax-free to Weyerhaeuser, the Company and the holders of Weyerhaeuser common shares for U.S. federal income tax purposes under Sections 355, 368 and related provisions of the Internal Revenue Code of 1986, as amended (the "Code"). The Distribution and the Arrangement are conditioned upon the receipt by Weyerhaeuser of the IRS ruling and an opinion of Cravath, Swaine & Moore LLP, counsel to Weyerhaeuser, to the effect that the Contribution and Distribution will be tax-free to Weyerhaeuser and the holders of Weyerhaeuser common shares under Sections 355 and 368 and related provisions of the Code.

We currently do not expect non-U.S. holders of exchangeable shares of Weyerhaeuser Company Limited to be subject to U.S. federal income tax or withholding tax on the receipt of shares of Company common stock as part of the Distribution. Holders of exchangeable shares of Weyerhaeuser Company Limited will, however, likely be subject to Canadian income or withholding tax on the receipt of Company common shares. As a holder of exchangeable shares, you should consult your own tax advisor as to the specific tax consequences that would result from your receipt and ownership of shares of Company common stock, including the application and effect of state, local, Canadian, provincial and other foreign tax laws and the possible effect of changes in the application and interpretation of U.S. federal or other tax laws.

Notwithstanding the IRS private letter ruling and the opinion, the IRS could determine that the Distribution or the Contribution should be treated as a taxable transaction if it determines that any of the representations, assumptions or undertakings made in the letter ruling request are untrue or have been violated. If the Distribution or the Contribution fails to qualify for tax-free treatment, Weyerhaeuser and/or its shareholders will be subject to tax. See "Risk Factors — If the Distribution does not constitute a tax-free spin-off under Section 355 of the Code or a tax-free reorganization under Section 368 of the Code, either as a result of actions taken in connection with the Distribution or as a result of subsequent acquisitions of shares of Weyerhaeuser or Company common stock, then Weyerhaeuser and/or Weyerhaeuser shareholders may be responsible for payment of U.S. federal income taxes."

Tax matters are complicated, and the tax consequences of the Transactions to you will depend on the facts of your own situation. This Information Statement generally does not discuss the applicability and effect of Canadian or other foreign tax laws to the Weyerhaeuser shareholders. Certain significant foreign shareholders also may recognize gain for U.S. federal income tax purposes as a result of the Distribution if Weyerhaeuser is determined to be a "United States real property holding corporation." You should consult your own tax advisor for a full understanding of the tax consequences for you of the Transactions. See "The Transactions — Material U.S. Federal Income Tax Consequences."

Summary Historical and Pro Forma Financial Data

We are providing the following summary selected financial information concerning the Company and Domtar. We derived this information from the audited and unaudited financial statements of the Weyerhaeuser Fine Paper Business and Domtar for the periods presented. This information is only a summary and you should read it in conjunction with the financial information included in this Information Statement or filed by Domtar with the SEC. See "Where You Can Find More Information," "Selected Historical Combined Financial Data of the Company," "Management's Discussion and Analysis of Financial Condition and Results of Operations of the Company," "Unaudited Pro Forma Condensed Combined Financial Information of the Company" and the financial statements of the Company and the Weyerhaeuser Fine Paper Business and the notes thereto included elsewhere in this Information Statement.

Summary Historical Combined Financial Data of the Company

The Company is a newly formed holding company organized for the sole purpose of indirectly holding the Weyerhaeuser Fine Paper Business and consummating the Arrangement with Domtar. This Information Statement describes the Company as if it held the Weyerhaeuser Fine Paper Business (indirectly through Newco) for all periods and dates presented but not as if it held the Domtar business. The following combined balance sheet data of the Company as of the last Sunday of December 2005 and 2004 and the combined statement of operations data for each of the fiscal years ended the last Sunday of December 2005, 2004 and 2003 have been derived from the audited financial statements of the Weyerhaeuser Fine Paper Business. The combined balance sheet data of the Company as of the last Sunday of December 2003, 2002 and 2001 and the combined statement of operations data for the fiscal years ended the last Sunday of December 2002 and 2001 have not been audited. The combined balance sheet data of the Company as of the last Sunday of September 2006 and 2005 and the combined statement of operations data for the thirty-nine week periods then ended have been derived from the Weyerhaeuser Fine Paper Business' unaudited financial statements. This information is only a summary and you should read the table below in conjunction with "Selected Historical Combined Financial Data of the Company," "Management's Discussion and Analysis of Financial Condition and Results of Operations of the Company" and the financial statements of the Company and the Weyerhaeuser Fine Paper Business and the notes thereto included elsewhere in this Information Statement.

Summary Selected Historical Financial Data of Domtar

The following summary historical financial information of Domtar for each of the fiscal years in the five year period ended December 31, 2005 and the financial data as of September 30, 2006 and 2005 and for the nine-month periods then ended has been derived from the consolidated financial statements of Domtar. This information is only a summary and should be read in conjunction with the financial statements of Domtar and the notes thereto and the "Management's Discussion and Analysis" sections contained in Domtar's annual report for the year ended December 31, 2005 filed with the SEC on Form 40-F and Domtar's report for the period ended September 30, 2006 provided to the SEC on Form 6-K. See "Where You Can Find More Information."

Effective in the second quarter of 2006, Domtar has presented its Vancouver paper mill as a discontinued operation and as assets held for sale in its consolidated financial statements pursuant to Financial Accounting Standards Board Statement No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets* ("FAS No. 144"). In accordance with the relevant accounting and SEC requirements, Domtar has restated its historical financial statements and the related "Management's Discussion and Analysis" for the year ended December 31, 2005 to present the Vancouver paper mill as a discontinued operation. This reclassification has no effect on Domtar's reported net earnings; "Earnings (loss) from continuing operations" and "Loss from discontinued operations" are presented as new lines in the statement of earnings and "Assets held for sale" is presented as a new line item on the balance sheet. Domtar's restated financial statements for each of the fiscal years in the five year period ended December 31, 2005 are not yet audited but they will be audited and filed with the SEC prior to the effective date of the Form 10 to which this Information Statement is attached.

Domtar's consolidated financial statements are prepared in accordance with Canadian GAAP, which differs in some respects from U.S. GAAP. The following provides Domtar's consolidated financial information as reconciled to U.S. GAAP and translated from Canadian dollars to U.S. dollars for the periods presented. This information should be read in connection with the discussion of the principal differences between Canadian GAAP and U.S. GAAP as well as the reconciliation and other financial information provided in note 25 to Domtar's financial statements for the year ended December 31, 2005 contained in Domtar's annual report filed with the SEC on Form 40-F and Domtar's U.S. GAAP reconciliation for the nine months ended September 30, 2006 provided to the SEC on Form 6-K.

The unaudited consolidated earnings and consolidated balance sheets are expressed in Canadian dollars and, solely for the convenience of the reader, the unaudited consolidated earnings and consolidated balance sheet for each of the fiscal years in the five year period ended December 31, 2005, the financial data as of September 30, 2006 and 2005 and for the nine-month periods then ended and the tables of certain related notes, have been translated into U.S. dollars using the period end rate for the balance sheet and the average of the monthly average rates during the period for the statement of earnings, as set forth in the note to the table below. This translation should not be construed as an application of the recommendations relating to the accounting for foreign currency translation, but rather as supplemental information for the reader. The pro forma financial information with respect to the Combined Company contained in this Information Statement was prepared using Domtar's U.S. GAAP/U.S. dollar results as derived by the reconciliations and transactions described above.

Summary Unaudited Condensed Combined Pro Forma Financial Data of the Company and Pro Forma Per Share Data

The summary below sets forth summary unaudited condensed combined pro forma financial data for the Company after giving effect to the Transactions, including the Arrangement with Domtar, for the periods indicated. The unaudited pro forma combined per share data for the Company presented below for the fiscal year ended December 25, 2005 and for the thirty-nine weeks ended September 24, 2006 combines certain per share financial data of the Company and Domtar. Because Domtar common shareholders will own, immediately following the Arrangement, one share of Company common stock (or one exchangeable share of Newco Canada Exchangeco, which is exchangeable for one share of Company common stock) for each Domtar common share they owned immediately prior to the Arrangement, the pro forma equivalent data for Domtar will be the same as the corresponding pro forma combined per share data for the Company. The following pro forma financial data was prepared using Domtar's U.S. GAAP/U.S. dollar results as described above under "—Summary Selected Historical Financial Data of Domtar." The following table should be read together with the financial statements and accompanying notes of the Company, the Weyerhaeuser Fine Paper Business and Domtar included in this Information Statement or in the documents described under "Where You Can Find More Information" and the unaudited pro forma condensed combined financial information and accompanying notes set forth under the heading "Unaudited Pro Forma Condensed Combined Financial Information of the Company" in this Information Statement. The pro forma amounts in the table below are presented for illustrative purposes only and do not indicate what the financial position or the results of operations of the Company and the Weyerhaeuser Fine Paper Business would have been had the Transactions occurred as of the dates or for the periods presented. The pro forma amounts also do not indicate what the financial position or future results of operations of the Company and the Weyerhaeuser Fine Paper Business will be. No adjustment has been included in the pro forma amounts for any anticipated cost savings or other synergies. See "Unaudited Pro Forma Condensed Combined Financial Information of the Company."

Historical Per Share Data, Market Price and Dividend Data

The pro forma per share data of the Company is included in "—Summary Unaudited Condensed Combined Pro Forma Financial Data of the Company and Pro Forma Per Share Data." Historical per share data and market price data for the Company has not been presented as the Weyerhaeuser Fine Paper Business is currently operated by Weyerhaeuser and there is no established trading market in Company common stock. Shares of Company common stock do not trade separately from Weyerhaeuser common shares.

Domtar common shares currently trade on the New York Stock Exchange under the symbol "DTC." On August 22, 2006, the last trading day before the announcement of the signing of the Transaction Agreement, the last sale price of Domtar common shares reported by the New York Stock Exchange was \$6.87. On November 17, 2006, the last practicable trading day prior to the date of this Information Statement, the last sale price of Domtar common shares reported by the New York Stock Exchange was \$7.48. Because Domtar common shareholders will own, immediately following the Arrangement, one share of Company common stock (or one exchangeable share of Newco Canada Exchangeco, which is exchangeable for one share of Company common stock) for each Domtar common share they owned immediately prior to the Arrangement, we expect but cannot assure that the market price data for the Company immediately after the consummation of the Transactions will be substantially similar to the market price data for Domtar immediately prior to the consummation of the Transactions. The following table sets forth the high and low closing sales prices of Domtar common shares for the periods indicated. The quotations are as reported in published financial sources. For current price information, shareholders are urged to consult publicly available sources.
